APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of a portion of the waters of an underground source as heretofore granted under Permit 32336 is issued subject to the terms and conditions imposed in said Permit 32336 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

The total combined duty of water under this permit and Permits 37719, 37720, 37721, 37722, 37723, 37724, 37725, 35750, 35751, 35943, 35944, and 39161 shall not exceed 463.7 acre-feet annually.

The total combined amount of water granted under this permit and Permits 37721 and 32336 is limited to what the well covered under the three permits is capable of producing. If certificates of appropriation are issued under this permit and Permits 37721 The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not

to exceed.....0.08.....cubic feet per second, but not to exceed

57.9 acre-feet annually.

Actual construction work shall begin on or before.....December 10, 1980

Proof of commencement of work shall be filed before.....January 10, 1981

Work must be prosecuted with reasonable diligence and be completed on or before.....December 10, 1980
